

Commercial Operators, Activity Reporting

WAC 230-08-130, 08-140, 08-150, 08-160, 08-165, 12-305, 12-310

Activity reporting was reduced from four times a year to twice a year for commercial licensees (card room, punchboard/pull-tab, manufacturer, distributor, and linked bingo prize provider).

Reducing the number of times these licensees report activity, in addition to the new activity report format, should reduce staff time needed to mail, audit, monitor, and input the data. We will continue collecting information needed to determine compliance with gambling rules and laws.

Activity reports for 2nd and 4th quarters will continue to be due at the same time they are now; 30 days after the end of the quarter (due on July 30 and January 30, respectively).

Where you will notice a change is:

- 1st quarter activity report will be due July 30, rather than April 30, and
- 3rd quarter activity report will be due January 30, rather than October 30.

We intend to send out an activity report in mid-December'05 (due 1-30-06), with two columns. One column for third quarter (2005-3) and one column for fourth quarter (2005-4). So the financial data & inventory should remain separated by quarter.

The next semi-annual period (January thru June'06, 2006-1 and 2006-2) will be sent about mid-June'06, and will be due 7-30-06.

Questions? Please contact Financial Reporting at 800-345-2529 ext 3474 (360-486-3474)
